BILIARDI

The Ginevra model embodies the essence of modernity in furniture, with clean, essential and refined lines that define its unique aesthetic. This extraordinary design element masterfully blends original iron legs with elegant rosewood sides, creating a harmonious marriage of materials and styles.

The use of iron legs gives the table a contemporary feel, while the rosewood sides add timeless elegance. The result is a billiard table that stands out for its simplicity, but at the same time expresses considerable prestige, becoming a unique design piece capable of taking the leading role in the space in which it is placed.
